

STRATECO LTD – HEALTH & SAFETY POLICY STATEMENT

'The company shall strive to create a safe and positive place of work and shall endeavour to promote the health and well being of its employees and those within its influence.'

Strateco will maintain its historic record of a low hazard work environment, zero work related accidents and near misses by continual vigilance through:-

- *Creating method statements and risk assessments on all work related activities and provide access to all employees.*
- *Create a safe place to work including access and egress and clean and serviceable welfare facilities.*
- *Create open lines of communication between all levels.*
- *Monitor and review of the management of risk.*
- *Consultation, training and instruction to all employees.*
- *Occupational health surveillance to be provided as required.*
- *Review and monitor emergency procedures at regular intervals*
- *Maintain records for all activities, accidents, near misses and maintenance of equipment.*
- *Appoint competent persons to co-ordinate safety policy.*
- *Ensure staff, visitors and contractors adhere to the company safety policy and are inducted accordingly.*
